## The BLUE RIDGE PARKWAY

Experience up-close encounters with gorgeous natural spaces, directly adjacent to the Village of Blowing Rock. Our town is located directly on the Blue Ridge Parkway, a unit of the National Park Service.

The Parkway meanders for 469 miles through Appalachia, protecting a multitude of plants, animals, views, and historic sites, all relatively untouched by development. It's easy to see why the Blue Ridge Parkway is nicknamed "America's Favorite Drive." Blowing Rock's section is home to several of the most iconic Parkway treasures:

**MOSES CONE PARK, MP 294:** Historic home, 25 miles of carriage trails, Southern Highland Craft Guild Shop and craft demonstrations.

**PRICE PARK, MP 297:** Price Lake & campground, hiking, picnicking.

**LINN COVE VIADUCT, MP 304:** Unique s-curve bridge built to preserve the surrounding environment.

**GRANDFATHER MOUNTAIN, MP 305:** Mile-high Swinging Bridge, wildlife preserve, nature museum, hiking and nature programs.

**LINVILLE FALLS, MP 316:** Massive falls, campground, fishing, hiking.

### \* SPECIAL NOTE ABOUT PARKWAY TRAVEL IN 2023 & 2024

Your National Park is getting some much-needed repairs in 2023-24! Funded by the Great American Outdoors Act, these repairs will help ensure that the Blue Ridge Parkway remains open and available to future generations. Expect some single-lane closures for pavement repairs near Blowing Rock this year. Access to individual attractions and recreation areas will be preserved with staggered closures and local detours will get you where you want to go! Plan ahead with the Blue Ridge Parkway's website: [nps.gov/blri](https://nps.gov/blri). Find timely updates for our area at [blowingrock.com/parkway2023-24](https://blowingrock.com/parkway2023-24).

# FLY FISHING

The High Country's beautiful streams, lakes, and rivers provide wildlife sanctuaries and many recreational opportunities-like fishing! The best times of year to fish for trout here in the High Country are the spring, fall, and winter months, when the water temperature is between 45° and 65°. Our waters offer excellent opportunities for catching brown, brook, and rainbow trout. Book a trip with one of our local guides, or try your luck on your own. Many local waters are stocked or hatchery supported, and NC Wildlife management signs are easy to locate waterside. Most local fishing areas require a NC fishing license. Purchase a license from a local provider or online at [ncwildlife.org](http://ncwildlife.org).

# The BLOWING ROCK

Yes, there is one! The town takes its name from The Blowing Rock, a unique formation overhanging Johns River Gorge and the Pisgah National Forest. The Rock is buffeted by near-constant winds, flumed up from the valley below. According to the Legend of the Blowing Rock, these strong winds carried a Cherokee man back from the valley below to the arms of his beloved, who was waiting on the Rock as she prayed for his return. The Blowing Rock itself is over 1 million years old- NC's oldest travel attraction. Stop by to experience the inspiring winds and incredible views for yourself! **[TheBlowingRock.com](http://TheBlowingRock.com)**.
